SCB1 interface board¹⁾

The SCB1 interface board (Serial Communication Board 1) has a fiber-optic cable connection and therefore provides the following possibilities:

- peer-to-peer connection between several drive units with a max. data transfer rate of 38.4 Kbit/s.

- serial I/O system with the SCI1 and SCI2 serial interface boards (e.g. NAMUR).

Board/ Conductor	Supplied loose Order No.
SCB1 Interface board	
incl. 10 m fiber optic cable	6SE7090-0XX84-0BC0
